Bugling	Special RSVP	Jim is not offering this as a clinic. He wanted in to be known that if a scout had the skills (say from band) he would listen to their performance and be available to sign blue cards for this merit badge. There is also a 3 month service to troop requirement for this badge.	Jim Thomson
Athletics	Special RSVP	The hardest part of this badge is the tracking for 3 and 4 months. Bring a blue card and I will be happy to help any scout wanting to start this merit badge. The trick is to get them signed up for the President's Active Lifestyle Award. It is an awesome daily tracking tool, and includes nutritional values also. When you are done, a print out can be made to show all your work. If you are extra active, you can also get the PALA really cool patch! When they have completed their months of work, I can meet with them, or offer to finish this merit badge at the spring fair.	Lisa Puddy
